MASON COUNTY MAY LOSE ITS COUNTY AGENT NEXT MONTH

County Agent E. Frank Boyd, Jr., Announces That He Must Resign His Position Unless He Receives More Salary For the Next Term.

County Agent E. Frank Boyd, Jr., has instructed the Fiscal Court of the county that unless he receives an increase in salary for the coming year he will be compelled to resign and go back to his farm in the Minerva precinct.

Mr. Boyd explained that he was receiving a salary of but \$1200 a year. Of this amount the county pays one-half and the government pays the other half. The proposition is that the government will pay dollar for dollar with the county. Mr. Boyd explained that when he accepted the position at this salary gasoline was less than half the present price and his work calls for much traveling throughout the entire county.

Mr. Boyd has explained to the Commissioners that unless he receives an increase in salary this year he will be compelled to resign his position and go back to his farm where he can make a much larger amount of money.

This matter will probably come before the Commissioners officially at their next regular meeting for some conclusion as Mr. Boyd's term expires the first of November.

LAST OF 830 BLANKS GO OUT TOMORROW

For the Past Ten Days 83 Men in the New Draft Have Been Receiving Their Questionnaires.

There were 830 men in Mason county between the ages of 19 and 36 according to the records of the local board for Mason county for there were 830 blank questionnaires sent out to men between those ages and for the past several days the headquarters of the Mason County Council of National Defense in the State National Bank building has been by far the busiest place in the city for there the questionnaires have been filled out.

The last bunch of 83 blanks will be put in the mail by the board tomorrow morning and within the next several days it is expected that all of the blanks will be properly filled out and returned to the board. Upon receipt of all of the blanks properly filled out the board members will begin the big job of going over these blanks and classifying the men.

ANOTHER MAYSVILLE MAN SAFELY OVER

Mayor Thomas M. Russell is in receipt of a card from John R. Heffernan stating that the ship on which he sailed has arrived safely overseas. Mr. Heffernan has gone over in quite a hurry for it will be remembered he was here to attend a picnic given by the Grocers' Association on the Fourth of July.

The Maysville Suit and Dry Goods Company is receiving merchandise most every day now which is being arranged in the store room which has recently been remodeled. The store will be opened to the public at an early date.

The reward offered for the arrest of "Cotton" Smith grows daily. Governor Stanley has now offered a reward of \$200 for the state. The officials all over this section are doing their best to locate the escaped murderer but have not yet gotten close to him.

Dr. P. G. Smoot and family are moving from Third street to the Cox row in Market street.

ALLIES KEEP UP ADVANCE AT ALL POINTS

Italians Begin Advance in Albania and British and French Draw Nigh to St. Quentin.

London, September 25 — Italian troops have begun to advance in Albania, according to unofficial press reports received here today by way of Paris.

There is no indication yet that this reported movement has been definitely linked up with the 100-mile allied offensive in Macedonia, but it is believed the entire 300-mile front from the Adriatic to the Aegean Seas may be soon ablaze with activity.

London, September 25—On the west front British and French troops maintain their pressure against St. Quentin.

The British made some progress on a four-mile front south of Omignon river, and Haig's night report said fighting was still under way at Selency, two miles west of St. Quentin. Co-operating on the British right, the French occupied Francilly-Selency, L'Epine De Dallon and Dallon. L'Epine De Dallon is only a mile and three-quarters southwest of St. Quentin.

CRISIS ADMITTED

Von Hertling Says He Is Ready For Peace Based on Wilson's Fourteen Points.

Amsterdam, September 25—Chancellor Von Hertling of Germany says he is ready for peace based, in principle, upon President Wilson's 14 points.

This statement, according to advices received here today, was made in the chancellor's speech to the Reichstag yesterday. The chancellor said he had evinced such readiness in his speech of February 25, to which, however, he pointed out, Wilson has not replied.

Members of the Main Committee are reported to be dissatisfied with Von Hertling's speech, considering it unequal to the gravity of the situation. Party leaders of the Reichstag met this morning to decide their attitude toward Von Hertling.

"In regard to President Wilson's 14 points, my speech of February 25 showed that I agreed, in principle, with a peace on such a basis, but Wilson has not answered that speech," the chancellor said.

"We desire general disarmament and freedom of the seas. The foreign secretary will discuss the political situation, particularly the Austrian note."

Von Hertling said that while the military situation is grave, there is no reason for the German people to feel disheartened.

"You are aware deep discontent has seized upon wide circles of the population, on account of the sufferings and deprivations of war," the chancellor said.

"Our last big offensive did not bring the success we hoped. The army command found itself forced to withdraw to the so-called Sigfried line. The situation is grave, but there is no cause to be faint-hearted. We have already passed through harder times."

WOUNDED SOLDIER FROM MORANSBURG SECTION

It became known today that Sergeant John W. Thomas, who was reported in yesterday's casualty list as being severely wounded in action in France, was a native of Mason county. His parents died when he was quite young and he was raised by the family of Mr. Robert Lloyd in the Moransburg neighborhood. Young Thomas volunteered in the army about the time war was declared.

YOUNG MEN WILL ENTER OFFICERS' TRAINING CAMP

Chaney Everett, son of Mr. and Mrs. J. C. Everett, and Donald Wood, son of Colonel and Mrs. C. L. Wood, yesterday were examined by the local board for Mason county for entrance into the next Officers' Training Camp. Mr. Everett will attend the training school at Lexington and Mr. Wood will go to Camp Zachary Taylor.

OLD SOLDIERS HOLD VERY INTERESTING REUNION AT PARK

More Veterans Attend Meeting Here Than Had Been Expected—Ohio Minister Makes Patriotic Address.

The annual reunion of the veterans of the Sixteenth and Tenth Kentucky regiments is being held at Beechwood Park today and there are more of the old soldiers and their families in attendance at this meeting than had been expected would be here. When all were asked to register at the park this morning many more signed their names to the registration book than had been expected.

The meeting was called to order by Colonel Maltby, who at the last meeting was elected president of the Association for life. Captain Thomas Wood, of Tilton, Fleming county, led the audience in prayer and Secretary Carl Dadds, of the Chamber of Commerce led as the body stood and sang America. Mr. Dadds also entertained those present with several musical selections.

The address of the day was made by Rev. C. N. Smith, pastor of the Methodist Episcopal church, of Peebles, Ohio. It was, of course, a patriotic address and he highly complimented the old soldiers during the talk.

Mrs. G. W. Hook, of Peebles, Ohio, Secretary of the Association, was on the job and told the old veterans something of the history of the regiments she is preparing, a part of which has been published in the Public Ledger.

Mr. W. H. Meenach, of this city, also delivered a patriotic address. All of the old officers were re-elected except the Vice Presidents who are changed each year. The new Vice Presidents chosen were F. M. Harver, of Manchester, Ohio, and Elias Wood, of Sardis. There were fifteen survivors of the Tenth and twenty-six survivors of the Sixteenth in attendance.

At the close of the meeting the veterans headed by Comrade Alonzo Seaman lined up and marched in parade down town from the park.

SIX COLORED MEN LEAVE FOR CAMP

Only Six Class One Colored Men Were Available For Call and They Left For Camp Taylor This Morning.

Although Mason county was called upon to furnish 39 colored men for Camp Zachary Taylor today, there were but six sent because that was all of the colored men available for the call in this county. The board so advised Major Henry Rhodes shortly after receiving his order to entrain the men and he instructed them to send what they had.

The men reported yesterday afternoon and were given city leave until this morning when they again reported and were entrained for Camp Zachary Taylor. The squad was composed of James Spencer, Gilbert Chambers, Noble Mayberry, Bertram Johnson, James Kirk and Leander Berry. James Spencer was captain of the squad and carried the papers.

The board today received the official order for 84 white men to leave for camp early next month and they will begin work immediately to select the men for this call.

WATCH FOR THE BIG SEARCH LIGHT ON STREET TONIGHT

Maysville's Second Annual Style Week is Opened in Full Blast in Business Section Tonight.

During the past few weeks the attention of our people has been attracted to the Buy at Home movement, a movement for which the Chamber of Commerce has always been an ardent advocate. The attention given the subject by citizens generally since the first of the year has served to emphasize the fact that the man or woman who goes out of the home town to make purchases is not only injuring his or her city but also is losing money.

Right here in Maysville we have as good stores as can be found in any city in the country and these stores carry as complete stocks as could be wished. Better still, their prices are well under the prices exacted in stores in larger cities, that by clever advertising have created an impression that they sell goods at bargain prices.

Maysvillians who have been hoodwinked by the promise of bargains in other cities have come out with the statements telling how they paid much higher prices in stores in other cities for articles that are on sale here. These instances have been so numerous that they prove the fact that here at home one can buy, article for article at a cheaper price than in the stores to which some of our people have gone because they believe styles were newer or prices lower.

We demand that our merchants carry complete stocks and complete stocks mean bigger stores and a more progressive city. The more business our merchants do the better for all of us for the greater the business volume the lower the price. More business means more work for our people more money for our banks and more taxes for the city, more civic pride. It will be seen then, that the man or woman who goes elsewhere to shop is actually hurting the city on which he or she depends for a livelihood. It will be seen, too, that the person who through lack of city patriotism goes elsewhere to shop, is not only harming his or her home city but is

also paying more money for the goods they buy than is charged for the same goods in our own stores.

If our merchants went out of the city to hire their help; if they contributed to funds raised to boost other cities; if they sent their money to banks in other cities for deposit; if they joined trade boards in other cities; if they gave their advertising appropriations to papers in other cities; if they went elsewhere for workmen to enlarge or improve their stores there would be a protest that would echo through the valley.

Why not be fair, then, and wise at the same time.

Buy at home and help the city you call home.

Buy at home and save your leg the tribute the owners of stores in other cities levy on the person unpatriotic enough to injure their home town.

Style Week begins tonight and we will see styles and prices in the show windows of the Maysville stores equal to those to be seen in any of the large cities.

Boost your home town by buying in your home town. Make Style Week a banner week for our merchants.

The Committee in charge of the Style Week arrangements felt that in as much as most of them would be contestants for the prizes, awarded to the best decorated windows, it would be unwise for them to select the judges for the occasion, and they elected Secretary Dodds to this task.

Mr. Dodds appointed the following ladies as judges: Mrs. Reese Kirk, Chairman; Miss Lucy Baldwin, Mrs. A. O. Taylor, Mrs. W. B. Baldwin and Miss Minerva Stockton.

There will be a blue ribbon awarded for the first prize and a red one for the second. The judging will be graded accordingly; attractiveness 50 per cent. Initiative 20 per cent. simplicity 15 per cent. arrangement 15 per cent. These prizes will be awarded immediately after the lights are flashed on and it is expected the committee will be able to have the ribbon on the windows by 9 p. m.

The committee has made the following rules governing the awarding of the ribbons: All stores must comply with the Chamber of Commerce request that their windows remain dark until 8 p. m. when they shall be lighted. Any merchant failing to meet these requirements shall be disqualified.

The committee made the following classification for the awarding of the

COLORED NEWS

Mr. and Mrs. Augustus Morton of
Washington, D. C., are the guests of
Mrs. Arthur Morton of Forest avenue, she didn't stop, so I gave her some

more juice. Still she didn't straighten
up and about that time my Assistant
Driver jumped and I tried to follow
but my raincoat caught and I couldn't
get out, so I sat back down and gave
her some more gas, but over she
went, much quicker than I can tell
it. Something told me (suppose it
was God's answer to your prayers) to
lean forward. I did so and just then
the truck hit against a tree. It would
have crushed me, if I hadn't leaned
forward. But we both got out all o. k.
The truck went tumbling on down
the bank.

We can hear the cannons roaring
from here most all the time and see
air battles most every day. It sure
is a place to keep awake in, for if we
didn't—well, I don't know what would
happen.

We landed in South Western
France and I drove my truck all the
way up here in Northern France. This
is sure a nice country, where there
have not been battles. The most
grapes I ever saw and they make
wine of them, "vins" they call it. I
have seen no corn growing at all, ex-
cept where some American soldiers
had a patch by the side of his tent.

I must stop as its nearly supper
time and gee, but I'm hungry. Write
soon and send me some more clip-
pings from the Maysville papers. Tell
the boys hello for me.

Your loving son,

HIDDEN DANGERS

Nature Gives Timely Warnings That
No Maysville Citizen Can Afford
to Ignore.

DANGER SIGNAL NO. 1 comes
from the kidney secretions. They will
warn you when the kidneys are weak.
Weak kidneys excrete a clear, amber
fluid. Weak kidneys send out a thin,
pale and foamy, or a thick, red, ill-
smelling urine, full of sediment and
irregular of passage.

DANGER SIGNAL NO. 2 comes
from the back. Back pains, dull and
heavy, or sharp and acute, suggest
weak kidneys and warn you of the
danger of dropsy, gravel and Bright's
disease. In that case Doan's Kidney
Pills have been endorsed by thou-
sands. Here is a statement of a nearby
resident:

Jas. M. Newton, Gum, St., Aberdeen,
Ohio, says: "I have used Doan's Kid-
ney Pills off and on for several years
and have been greatly benefited.
Whenever my back has been weak or
when my kidneys have been too fre-
quent in action, I have used a box or
so of Doan's Kidney Pills, which I
get at Wood & Son's Drug Store. They
have always relieved me in a short
time."

The above is not an isolated case.
Mr. Newton is only one of many in
this vicinity who have gratefully en-
dorsed Doan's. If your back aches—if
your kidneys bother you, don't simply
ask for a kidney remedy—ask distinct-
ly for Doan's Kidney Pills, the same
that Mr. Newton had. 60c all stores.

FARMERS PUT IN DEFERRED CLASSIFICATION

Information Given As to How to Secure Deferred Classification in Draft For Farmers.

County Agent Frank Boyd is in receipt of the following communication from Assistant Secretary of the Agriculture Department, Clarence Ousley. It should be read carefully by all seeking deferred classification on agricultural grounds:

In the matter of the deferred classification of farm operators and workers, the Official United States Bulletin of September 11, 1918, contains a very important statement by Provost Marshal General Crowder. He calls special attention to two facts. One of these facts is that the basis for deferred classification requires something more than the mere filling out of a questionnaire. "Some one must indicate that the individual case is one which should arrest the special attention of the Draft Board in respect to the registrant's occupational status," says General Crowder. To the question, "What happens to the registrant neglecting to state his claims for deferred classification?" he replied: "If he does not put them down in this questionnaire and no one else puts them down, the claim can not be considered." The second fact is that it is the duty of an employer to aid his necessary employees in a necessary occupation in presenting their cases to the Board.

These statements of General Crowder need to be given wide publicity. They also carry the inference that County Agents, State Farm Help Specialists, Agricultural Advisers, and all others interested in the food production program of the war, should assist all necessary farm workers, including farm owners and managers, in receiving the deferred classification that the War Department desires them to have.

The following are extracts from General Crowder's statement:

"I have noticed, in the general expressions of the public attitude which reach this office, two frequent features which lead me to the present comments. One of these features is the belief that the process of awarding deferred classification to a registrant requires merely the filling out of the questionnaire, and that the selective-service boards will perceive the propriety of making the deferment without the assistance furnished by the registrant's formal claim indicating the deferment desired. The other feature is the employer's failure to realize his responsibility to intervene in aiding the board's determination, and therefore to inform himself fully on all the considerations which should affect the decision as to deferment. Both of these features are due to a single larger fact, viz., a failure on the part of many to reflect on the industrial considerations governing deferred classification.

"1. As to the first-mentioned belief, it must be pointed out that if it were universally acted upon, the process of classification would be seriously

French Experts Say Two Liquids Unite After Leaving Super-Gun.

Paris—That the bursting charge of shells from the German long range guns is mixed with the projectiles are in actual flight is the belief of French scientists, according to a technical journal published here.

When the shelling of Paris began it was noticed that the explosion of a shell produced a cloud of black smoke mixed with a little that was white, and accompanied by a strong smell of ether. Recently the smoke has been entirely white and light, the ether odor persisting.

No shell that failed to explode has been found, nor even an entire fuse, indicating how delicate and reliable the explosive is.

This fact leads experts to suppose that the shell is charged with two liquid explosives, separated by the perforated partition which is known to exist in the center of the projectile.

When the shell is fired at a high angle the liquid in the upper end combines with that in the lower chamber, and churned by the violent rotation, produces at the moment of impact, three minutes later, a perfect mixture.

This would explain, it is said, the ability of the charge to resist the enormous shock when fired and the remarkable uniformity of the explosions.

KENTUCKY'S TOTAL

Washington, September 23—Complete returns received today by Provost Marshal General Crowder show draft registration in Kentucky of 267,905, as compared with an estimate of 254,108, and in Oregon 106,986, against an estimate of 84,404. Corrections on the complete returns from Arkansas and Illinois show an actual registration in Arkansas of 193,569 as compared with an estimate of 198,740, and in Illinois 852,131, as compared with an estimate of 859,834.

A great deal of shocking language is due to the receipt of C. O. D. telegrams.

hampered and delayed. Some one must indicate that the individual case is one which should arrest the special attention of the boards in respect to the registrant's occupational status. The boards do not possess a superhuman omniscience. Nor are they permitted by circumstances to devote unlimited time to the search of questionnaires for possible grounds of claim.

Therefore, you will perceive the obligation upon all who have farm responsibilities to do what they can do with propriety to have claims for deferred classification made in behalf of farmers, farm operators, and farm laborers who declined; I can do no more than to remind you of the duty and opportunity to be discharged in propriety according to the circumstances in each case. I suggest that you make known the views of the War Department in all proper ways.

TERMINALS FOR THE CITIES ALONG THE MISSISSIPPI

In Order to Handle Business of Government Barge Line Cities Are Asked to Build Adequate Terminals.

Cities along the river will be expected to locate and construct modern terminals. Such terminals are needed to handle expeditiously and economically the commodities that should be transported by the Government Barge line.

In locating its river-terminal each city must first determine the kind and probable amount of the tonnage which ought to move by river. When this is known the location, character and approximate cost of the terminal may be determined.

The exact location must be decided upon by the city's engineer in conference with experts representing the Director of the Federal Barge Line and the engineers of the Mississippi River Commission whose approval will be required. The River Commission Engineers will be glad to consult with the city's representatives but will not locate or prepare plans for docks.

The essentials for an up-to-date river terminal are:

1. Ten feet or more of water in front of the dock at all stages of the river.
2. A safe harbor, free from cross currents, eddies, or obstructions that make landing or departure difficult or dangerous.
3. Accessibility, and light gradients to and from the land.
4. Such facilities as will expedite handling.
5. Room to expand.

If the city is small and rail service limited, the business done on the river will be largely local. In this case the terminal may be simple, but should be so located as to be easily reached by street-traffic and may need no direct rail connection. However, it must be so constructed as to be readily reached by the Barge Line and so equipped as to cause the minimum delay to the same.

The design of the terminal, whether it shall be built of timber or of more permanent material at increased cost; whether there is need for an expensive derrick a locomotive or gantry crane, a telfer system, one or more elevators, an escalator or endless belt, or a combination of two or more of these handling systems whether hand propelled or motor driven trucks are required; these and similar questions will be decided by the terminal engineer after careful study of each special problem.

In short, we advise each river city to select a small committee of representative business men, and empower them to employ an engineer of experience who will (a) assist them in making a study of their city's special problem; (b) represent the city in negotiations with both the River and Rail interests, (c) so locate, and, when possible, so design, the terminal that it may be extended, more tracks added, warehouses built, and special machinery installed as business de-

FALL OPENINGS IN MAYSVILLE STORES

Last Three Days of Style Week Will See Fall Openings in Most Every Store and Shop in Maysville.

The first three days of Style Week in Maysville will see a splendid line of merchandise displayed in all of the stores and shops but the last three days of the week will see the annual openings of the majority of the ladies' furnishings shops.

All of the stores have received large supplies of the latest models in all sorts of merchandise. The latest Eastern creations in women's wearing apparel will be seen on display during the last three days of the week and it is expected that there will be many out-of-town shoppers here to look over the latest models and to make their fall purchases.

Maysville people don't have to go to Cincinnati any longer to find the best and most up-to-date merchandise but in Maysville stores and at Cincinnati prices can be found the best to be obtained.

GIRLS ADMITTED TO THIS Y. M. C. A.

Manila, P. I.—Girls are hereafter to be admitted to the courses of instruction given by the Manila Y. M. C. A., and at half rates. This is the only private school in the Philippines that gives instruction similar to that given by the high schools under the direction of the bureau of education, and numbers on its faculty some of the best American and Filipino teachers to be found.

While the girls will enter classes now being given, a new woman's department is to be created, with special classes in athletics.

PROTECTION DISCUSSED FOR TOBACCO DISTRICT

The members of the City Council are discussing among themselves the proposition of giving to the Tobacco district located just outside of the city limits fire protection. The matter has come before the Ways and Means Committee of council and that committee will make its recommendations to council as a whole when it meets the first Monday evening in October. At this next meeting of council action will be taken as to whether or not such protection will be given.

GERMAN REVOLT IS PREDICTION

Paris—A dispatch from Berne, Switzerland, to Le Matin quotes a prominent Swiss citizen, recently returned from Germany, as declaring that in the last six weeks a formidable disaffection has swept over Germany. If the German military situation does not improve, the informant said, trouble that may surpass the acts of the Bolsheviks in Russia menaces the German empire.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royce City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

GREAT LOAN MEETING ON NEXT SATURDAY

The precinct workers who have been selected to canvass their precincts in the interest of the Fourth Liberty Loan will be held at the Court House on next Saturday afternoon at 2 o'clock for full instructions as to the conduct of the campaign. The Executive Committee is hoping that Mason county will do its full duty and subscribe its quota in the first week of the big drive.

COLORED PEOPLE HONOR SELECTIVES

There were a great mass meeting of colored people held last night at the Scott M. E. Church on Fourth street. The meeting was attended by a large number of people of the colored race and a splendid program was carried out. The colored people have held some sort of a celebration for every squad of colored selectives that have yet left Mason county for training camps. Judge C. D. Newell was the chief speaker at the mass meeting.

DON'T FORGET SEEDS

The people of the city and county are urged not to forget to save their peach seeds and nut shells so that they can deposit them in the barrels and boxes stationed about on the prominent streets for that purpose. Already a large amount of this material has been gathered here and will be shipped to Red Cross headquarters for use in making gas masks.

BISHOP IRELAND IS DEAD

St. Paul, Minn., September 25—John Ireland, archbishop of the St. Paul diocese of the Catholic church for 30 years, died at 3:55 this morning. John Ireland was born in Kilkenny, Ireland, September 11, 1838. He was brought to this country by his parents 11 years old.

PLANNING FOR S. S. RALLIES

The Third Street M. E. Church and the First Baptist Church are both planning for a big rally in their Sunday Schools on next Sunday morning. Both schools are arranging special programs and they are expecting a very large attendance.

The friends of G. W. Hook will be pleased to hear that he is now located in Berea, Ky., having accepted a call to return there and resume his former position as teacher of Manual Training at a salary just double that received by him during his former incumbency.

Plans are being made for the conference to be held in this city at noon on Friday, October 4th, of the committeemen for the allied war drive from all of the counties in this district.

THANKS EXTENDED FOR SUBSCRIPTION TO JEWISH RELIEF

American Jewish Relief Committee Extends Thanks to Maysville and Mason County People For Their Contribution to Worthy Cause.

Several weeks ago Mrs. S. Straus, of this city, was appointed chairman for Mason county of the committee to solicit funds for the relief of Jewish war sufferers. Mrs. Straus announced the fact that she had been appointed and explained some of the needs of the Jewish people who were great sufferers from German invasion. Without a special canvass there was contributed to this cause a neat sum from Maysville and Mason county people and this morning Mrs. Straus received the following letter of appreciation from the organization:

"Allow me to express my heartiest congratulations to you personally and through you to the others who have contributed toward the relief of our suffering brothers and sisters. I am indeed grateful for the efforts which you have made in behalf of our cause. "The need of our afflicted people is tragic beyond words. We cannot adequately carry on the work of rescuing them unless each one of us gives not only generously but to the point of self-sacrifice. Hundreds of working men and women of New York are subscribing ten dollars monthly out of their meagre wages, at sacrifice. May I take the liberty of urging you to make your own contribution to our cause monthly and to appeal to your friends and neighbors in Maysville to follow your generous example. "I am very glad to note that your appeal was extended to include non-Jews. This action is in accord with that taken in cities throughout the country where our most successful solicitations have been made and I trust that you will continue the good work which you have begun in this direction. "With best wishes for future success I am,

Cordially yours,
"JACOB BILLIKOFF, Director."

Mrs. Atkinson's mother it will be remembered by Maysville friends was formerly Miss Alexene Russell Filsen.

TEARING UP GUTTER

The Internal Improvement force started work this morning at tearing up the gutter on the Sutton street hill. It will be replaced smoothly so that the large volume of water coming down this hill can move off easily. Those who walk up and down this hill daily are more than pleased at this improvement as this gutter is used more extensively as a walk than the concrete walk built there which no one but a one legged man has ever been able to climb with ease.

FINAL REPORT OF C. OF C. CAMPAIGNERS TO BE MADE TONIGHT

Smoker Is to Be Held at the Chamber of Commerce Tonight When Team Captains Will Make Report on Membership Drive.

During the past two weeks there has been a big drive on throughout the city and county to enlist new members to the Maysville Chamber of Commerce in order to make certain the organization for another year. In this drive the campaigners have not asked members to sign up for a three year period as they did during the first drive made but in this campaign business men, professional men and farmers have been asked to sign up for one year only.

At various times during the campaign there have been reports filed on the progress of the drive but at tonight's smoker every committee chairman and his committee members are expected to be present to make a final report and wind up the campaign.

These various committees have called on most every business and professional man in Maysville urging their support to the only successful business men's organization Maysville has ever known. During these war times there is very reason that the Chamber of Commerce should be continued at the height of its efficiency. In every war effort that has been put forth in Maysville or Mason county the Chamber of Commerce has done its full part and in every civic movement it has been conspicuous.

The Executive Committee in charge of the campaign has spent much time during the past few days canvassing the city and its efforts have met with much success. The report made this evening will determine whether or not the Maysville Chamber of Commerce will go on doing the great work it has started and accomplishing even greater things than it has accomplished in the past.

MASS MEETING TO BE HELD TOMORROW

Red Cross Experts Here For Conference Will Speak at Court House Tomorrow.

A meeting of the Home Service Section of the American Red Cross for this district will begin at the Red Cross Rooms tomorrow morning at 9 a. m. A corps of experts from Lake Division Headquarters will be on hand to begin the work.

A public mass meeting will be held tomorrow, Thursday evening at the Court House at 8 p. m. which will be addressed by Prof. R. J. Colbert, Assistant Director of the Department of Civilian Relief, American Red Cross.

Prof. Colbert has a most interesting address upon the great work that is to be done by the Red Cross at home. He has made a special study, not only of the needs of the soldiers' and sailors' families during their absence, but of the after far re-construction period; how to readjust the disabled soldier to civilian activity, and to restore the great body of returned men to their civilian occupations.

CANTEEN MONEY WILL BUY TREATS

As there will not be a regular Red Cross Canteen in Maysville, those who contributed to that fund in the lobby of the Opera House and the Court House at the meeting of the Council of National Defense are hereby informed that the money collected will be used to purchase cigarettes and other "treats" for the soldiers who go through Maysville.

REGISTRATION NEXT TUESDAY

Next Tuesday—October 1st—is regular registration day and all living in the city who expects to vote in the November election must register. The polls will be open until 9 o'clock in the evening and registration will be held in all of the regular voting places.

The Kentucky Futurity (\$14,000) Lexington, October 1, the only 3-in-5 race for 3-year-olds in 1918, looks like the greatest colt race ever programmed; for amongst the entries eligible to start are David Guy 2:05½, Nella Dillon 2:05½, Chestnut Peter 2:05½, Blitsey 2:06½, Peter June 2:07½, Miss Dewey Watts 2:07½, Ruth Main-sheet 2:08½, Petrex 2:08½, Peter Von-na 2:08½, Echo Direct 2:09½, Miriam Guy 2:09½, all winners—and four more fast ones that have not won this year.

Arrangements are being made to install barrels at the local school buildings in which to deposit seeds and nut shells. The children will be asked to save seeds and nuts and bring them to school with them.

EXEMPTION BOARD IS IN NEW QUARTERS

Mason County Exemption Board Now Has Splendid Quarters in the First-Standard Bank Building.

The Mason County Exemption Board has now moved their headquarters from the basement of the Government building to the fourth floor of the First-Standard Bank building where they have splendid offices and are well equipped for the transaction of all of their business and the examination of all men in the draft.

In their new offices the board has plenty of heat and light something that was lacking in their old offices in the Government building. They had considerable trouble last winter because of the lack of heat but this year their quarters will be very comfortable even in the coldest sort of weather.

The board is very busy just at this time in their office work. The handling of the large number of questionnaires together with the big job of work in getting the men selected for the next big call coming during the first of October is giving the board members and their assistants about as much of a job as they can handle just now.

MR. OTTO CALLAHAN DEAD

Mr. Otto Callahan, prominent stockman, died at his home at Helena on Monday following a long illness of tuberculosis. He was one of the county's most prominent citizens and a great admirer of pure bred stock. Besides his wife, he is survived by one daughter. Burial will be held tomorrow morning 10 o'clock from the late home and burial will be made in the Flemingsburg cemetery.

MISS BERTHA WALKER DEAD

Miss Bertha Walker, aged 17 years, daughter of Charles Walker, former local blacksmith, died at her home in Cincinnati yesterday. The remains arrived here this afternoon over the C. & O. and were taken direct to the Maysville cemetery for burial. Short services were held at the grave by Rev. A. F. Stahl.

OIL INSPECTOR SUIT ARGUED TOMORROW

Attorneys E. L. Worthington, J. M. Collins and S. F. Reed accompanied by Judge H. P. Purnell and Mr. Stanton Clift, will journey to Frankfort tomorrow where arguments will be made tomorrow before the Court of Appeals in the injunction suit of T. J. Rice vs. Judge Purnell and Mr. Clift.

COLORED TEACHERS' INSTITUTE OPENS

The school institute for all of the colored teachers in Mason county opened at the Scott M. E. Church this morning. An imminent educator from Paris, Ky., is the chief instructor at this institute. The public is cordially invited to attend the sessions which will last through Friday.

The Rose o' Paradise

As a man thinketh in his heart so he is, unhappy people get nowhere, now. Let the sunshine into your mind and clear the cob-webs of dull care.

Everything is bound to come out right if your faith is deep enough. Use the brains that God gave you and see these Parafra Plays. They are the pick of the pictures. See Bessie Barriscale in this masterpiece.

YOU CAN'T TELL

Why your eyesight is poor. All you know is that the eyes are not just right. Only a scientific examination will find the fault. Have us to examine your eyes.
